Description

For non-clear coat finishes. Removes light to medium oxidation.

M-RON DEEP CLEAN is completely different from any other product of its kind. It totally reconditions your paint each time it is applied. If your paint doesn't shine after using this product the next step would be rubbing compound and a buffer or simply new paint!

M-RON DEEP CLEAN CAN be applied in the direct SUN and extreme temperatures. It WILL NOT bake itself to the surface. It DOES NOT contain any silicone, ammonia or fillers. It DOES contain superior cleaning agents and an ultra fine abrasive that DEEP CLEANS the finish WITHOUT SCRATCHING! Using very little effort, its DEEP CLEANING action RESTORES the LIFE and SHINE back to your paint while protecting the surface with the finest available Pure #1 Carnauba wax. EXCELLENT on black and other dark colors.

M-RON DEEP CLEAN can be used on all types of surfaces: cars, trucks, tow trucks, buses, boats, RV's, planes, motorcycles and all kinds of other COOL STUFF! Works great on chrome, glass, stainless, plastic, and gold or silver platings. It removes bugs, tar, tree sap, soap stains and road film.

M-RON DEEP CLEAN is truly a break through for effortless cleaning, protecting and restoring even the finest of finishes.
